RADIUS SPECIALTY HOSPITAL NAMES SENIOR EXECUTIVES

Boston, Mass. (May 31, 2006)— The Radius Healthcare Companies today announced the appointment of two senior executives to oversee the operations of Radius Specialty Hospital in Boston. William F. Duffy has been named Chief Executive Officer of Radius Specialty Hospital and David B. Longmoore has been named Senior Vice President of the Hospital Division of the Radius Healthcare Companies.

“Bill and Dave bring an extraordinary amount of experience to Radius Specialty Hospital,” said L. Christine Bassett, principal and co-founder of the Radius Healthcare Companies. “They are very well known throughout the healthcare industry, and they have extensive experience as healthcare executives. In the short time that they have been with Radius Specialty Hospital, they have already implemented many successful clinical and financial changes.”

As CEO of Radius Specialty Hospital, Bill Duffy oversees the hospital’s day-to-day operations. Duffy has 15 years of experience managing hospitals and other healthcare organizations, including Northeast Specialty Hospital and the Goddard Center. He lives in Walpole, Massachusetts with his wife and two children.

-more-

As Senior Vice President of the Hospital Division of the Radius Healthcare Companies Longmoore oversees the hospital division, of which RSHB is the flagship institution. Prior to joining Radius Healthcare, he served as Director of Operations for the hospital division of Commonwealth Communities. He lives in Norfolk, Massachusetts with his wife and two children.

Radius Specialty Hospital is a long-term acute care facility owned and operated by Radius Healthcare. Founded in 1999, Radius Healthcare is one of Massachusetts' leading healthcare and senior care companies. In addition to Radius Specialty Hospital, Radius Healthcare also operates ten skilled nursing facilities and one assisted living facility.
