

Where Exceptional Care Leads To Exceptional Satisfaction and Successful Outcomes.

I received exceptional care from the entire staff. They were all kind and compassionate to my family who visited a lot and can be demanding at times. My wife was especially pleased with how nice everyone was and at the level of professionalism that was displayed everyday.

*Gregory Pitt
Radius Quincy Patient*

Radius Specialty Hospitals are long-term acute care hospitals (LTACH) with locations in Boston and Quincy. We are the area's premier LTACHs and we can admit your high acuity, medically complex patients that require extended inpatient care (24/7).

Our services include: Complex Medical Care, Ventilator Weaning and Management, Pulmonary Rehabilitation, Cardiac Care, Oncology, Rehabilitation, Dementia with Medical co-morbidity and more.

Our Boston location has a new state-of-the-art patient wing with private rooms and our Quincy location offers 38 beds in 100% private rooms.

Call today for more information or to make a referral.
